Ø65mm   950mm

13mm

Post weight 3kg

Features & Benefits

- The Stowaway post features a lightweight plastic post that screw fixes into a cast iron collapsible base.
- The feet of the base fold flat together for easy storage in the bag.
- The kit contains four posts and a storage bag - making the solution portable and compact.
- Safest barrier on the market - our cassettes have a unique braking system for slower webbing retraction.

Product Specification

- Plastic post available in 4 UV stable colours.
- Cast iron foldable base comes in black.
- Shipped flat packed with no tools required.
- Available with any Tensator® standard (50mm) width webbing options.
- Modular webbing cassette – all cassettes come as standard with our four-point anti-tamper webbing connectivity. This allows you to connect other Tensabarrier® products to the receiver splines on the cassette head.
- Comes as standard with anti-tamper tape end.
- Compatible with all Tensabarrier® accessories including our range of post top signage.
- Available to buy as a kit or separately.

Bag weight 0.4kg
