

887 Utility Post

Strong and Robust. Features the basics base, with anti-scuff base cover. Ideal for markets, warehouses, and high traffic areas.

Features & Benefits

- The utility post features a high quality steel post with a hard wearing cast iron base which has a black plastic NoScuff™ ABS base cover.
- High visibility post and webbing colours make an ideal safety product for restricting access to work areas.
- An economical barrier solution for high traffic areas.
- Safest barrier on the market – our cassettes have a unique braking system for slower webbing retraction.

Product Specification

- Metal post available in powder coated colours: red or yellow.
- Available with any Tensator® standard (50mm) width webbing options.
- Modular webbing cassette – all cassettes come as standard with our four-point anti-tamper webbing connectivity. This allows you to connect other Tensabarrier® products to the receiver splines on the cassette head.
- Comes as standard with anti-tamper tape end.
- Compatible with all Tensabarrier® accessories including our range of post top signage and wall clips.

Applications

- Eliminate unsafe working conditions by clearly defining routes.
- Restrict access to dangerous areas.
- Use to identify hazards before they cause harm.
- Ideal for warehouses, industrial and maintenance areas.
