

# 897 Midi Plus

## Wide Webbing Wall Mounted Unit

Perfect for limiting access to areas without taking up floor space. Features 2m of extra wide webbing for high visibility. Ideal for a variety of applications.

## Features & Benefits

- The midi plus wall unit features a Tensabarrier® cassette which is encased in a black hard wearing plastic body with coloured end caps.
- An internal steel frame provides added strength and durability whilst also protecting the components inside.
- The unit can be easily installed onto a variety of surfaces to suit different applications.
- Safest barrier on the market - our cassettes have a unique braking system for slower webbing retraction.

## Product Specification

- Plastic end caps available in 4 finishes: black, red, yellow and chrome effect.
- Two mounting options available for user specific applications: standard and magnetic.
- Two tape end options available: standard anti-tamper and magnetic.
- Available with any Tensator® wide (150mm) webbing options.
- Tools only required for mounting the unit to desired surface. Screws are not included as this is dependent on wall type.
- Each unit comes with corresponding wall receiver clip which allows the wall unit webbing to connect to - made from Zinc for its anti-corrosive properties.

## Applications

- Eliminate unsafe working conditions by clearly defining routes.
- Restrict access to dangerous areas.
- Limit pedestrian access to out of service areas.
- Use to identify hazards before they cause harm.
- Ideal for a variety of applications.
